

Living Education-Charlotte

Program Information Sheet

Program Particulars

Living Education-Charlotte students will attend daily classes at the Living Church of God headquarters facility. Class material, testing and grading are managed through the Populi online system. Instructors will include Mr. Jonathan McNair, Dr. Scott Winnail, and Mr. Kenneth Frank. Students will also be required to attend weekly Assemblies presented by a variety of speakers. The learning experience will also include a full schedule of social activities, providing ample opportunity to develop friendships with other students. Through our Work-Study program, students can minimize the program cost, while building excellent work habits and skills under the guidance of our headquarters staff. Throughout the week, students will have unique access to headquarters ministry and personnel.

Preparation for the On-Site Experience

Students should be prepared to exercise independent life skills. They'll be required to manage their personal finances and budgeting. Cleaning, laundry, shopping, and cooking are part of daily life for our students, and everyone is expected to work together to create a peaceful, harmonious environment. This training program is geared for young adults, aged 18-30, who can function in a mature way, with minimal supervision.

Housing

Student housing is provided just a few miles from the headquarters facility, with one residence for the men and another nearby residence for women. Our accommodations are located in a safe, quiet suburban neighborhood, and the homes provide a very comfortable living experience for our students, ideal for study, fellowship, and cooperative living. Grocery and other shopping is available nearby. A Resident Assistant is assigned to each accommodation, providing guidance and encouragement for our students.

Living Education-Charlotte

Work-Study

Through this financial aid program, the Living Church of God has a number of part-time student work-study jobs to help on-site undergraduate students offset the cost of their room and board. Funding for these positions comes directly from the Church budget and positions are limited in number. An eligible applicant must be a full-time, on-site student. These work-study positions require a commitment of 20 hours per week as well as a minimum cumulative GPA of 2.5. The hourly wage for most beginning work-study positions is the minimum wage rate for the state of North Carolina. Applicants for work-study positions should submit a résumé as soon as possible to the Registrar's Office.

Program Costs

Tuition: *Living Education-Charlotte* is designed as a training program, and an investment in the future leadership of the Living Church of God. With that as our guiding principle, **we charge no tuition fee to our students.** In order to participate in the program, however, there are costs that are incurred on the part of students.

Textbooks \$150-250 (estimated for both semesters)

For our courses, students must have a Bible in addition to their textbooks. The recommended version is the New King James edition of the Bible (NKJ). In addition, all students need to acquire the textbooks required for their courses. A student may use any vendor to purchase their textbooks, including Amazon, ChristianBook, and Barnes and Nobel online, or even from their local bookstore.

Student Housing and Activity Fee \$2700 (\$300 p/month)

This fee helps to defray the cost of the church-provided housing, and is assessed on a monthly basis. The accommodation includes internet and utilities. Students share a double room with another student, fully furnished, with a fully equipped kitchen. Students should provide their own pillow, blankets, sheets, towels, and personal items. In addition, this fee goes toward sponsored activities and technology costs.

Additional Costs

All on-site students should have a personal computer – a laptop is ideal. Both the accommodations and classroom areas have wireless access. In addition, groceries and any personal items are the responsibility of each student. No food service is provided by Living Education. Grocery costs can vary, depending upon the individual. There is a daily shuttle service provide to and from the classroom facilities. If a student wishes to use his or her own vehicle, then gasoline, insurance and maintenance costs would need to be considered carefully. Estimated reasonable expenses for on-site unmarried students living in cooperative housing at Charlotte are provided in the following budget **covering an academic year of two semesters (approximately nine months)** as follows:

Required Costs		Additional Costs	
Housing & Activity Fee	\$ 2,700	Groceries & Personal Items	\$ 2,000-2,800
Books and Supplies	\$ 150-250	Entertainment & Miscellaneous	\$ 300-450
		Reserve	\$ 400-500
Total for Academic Year (2 semesters)	\$ 5,550-6,700		

Students employed in the work-study program can expect to net about **\$4,500** if they complete 700 hours of student work. The typical student thus needs about **\$1,050-\$2,200** more, to be met from personal savings, summer earnings and family contributions.

Living Education-Charlotte

Making Application

The Living Education-Charlotte program is for students choosing to lead Christian lives, where they can collectively experience an educational, social, and spiritual community refining their sense of purpose and values in life. Admission is selective and based upon evidence of intellectual promise, strong personal qualifications, good moral and ethical character, and marked by a desire to be an effective servant leader. All applicants seeking admission for on-site study at Charlotte should complete the steps below.

- ❖ Submit a completed **online application** and pay the required application fee. For the 2018-19 school year, the deadline is May 1. Preference is given to complete applications meeting the deadline; however, we will accept applications as long as space is available. June 1 is the deadline for notification to students who completed the application process by May 1.
- ❖ Complete and submit the **Enrollment Agreement** which acknowledges adherence to a standard Code of Conduct.
- ❖ If you have completed High School only:
 - Have an **official high school transcript** or a **copy of GED or TASC** scores mailed to the Registrar's Office. Current high school seniors should have their high school submit a transcript showing work through the first semester of the senior year. This transcript should be submitted as soon as possible after the semester has ended. A supplementary transcript must then be submitted upon high school graduation. A high school transcript is generally not required if an applicant has 12 earned college semester credit hours from a regionally accredited or DEAC (Distance Education Accrediting Commission) accredited college or university.
 - Provide a copy of the applicants **SAT or ACT scores** if they have been taken. This is a recommendation, not a requirement. However, to enhance the chances of acceptance, we recommend this step.
- ❖ If you have already attended college:
 - Have official transcripts from any regionally accredited colleges and universities previously attended mailed to the Admissions Office.
- ❖ Submit an **Autobiographical Essay** of 3-5 pages in length, typed and double spaced.
- ❖ Provide a **recent photograph** of yourself for your student profile. Your photo must be:
 - In color
 - Taken in an unobstructed full-face view directly facing the camera with both eyes open (no hats accepted)
 - Taken within the last 6 months to reflect your current appearance
 - Taken in front of a non-distracting background
 - If you normally wear prescription glasses they should be worn for your photo (no sunglasses accepted)
 - Submitted as a jpg file to mbroussard@lcgeducation.org
- ❖ Provide **three recommendations** from non-relatives: one from a church official, one from your high school guidance counselor or academic adviser, and one general reference. All references should be sent to the Registrar's Office. Home school students are required to submit a second General Recommendation Form in lieu of the Counselor Recommendation required of other applicants.
- ❖ If applying for the on-site work-study program, provide a work resume to facilitate placement.
