LESSON 1: The Word

New Testament – Who is Jesus Christ?

Featured Passage: **John 1**

Story Preview

The question of who Jesus Christ is and why we should worship Him is perhaps the biggest, most life-changing, thought a human being could consider! Many people take for granted that they know the answer to this profound question, and many others have not thought about it at all. However, God reveals the answer to this question in the Holy Bible. The answer to this question starts before Genesis...before the Beginning!

Discuss

1. Who existed in “the beginning”?
2. What does the book of John say about “the Word”? Who was the One who spoke when the world was created? Who created the first man and woman?
3. What do you think it means when John says that “the world did not know Him [the Word]”?
4. John 1:14 says “the Word became flesh and dwelt among us.” Who did the Word become?
5. Why did Jesus Christ come to live as a human being on earth?
